

Eastside Culture Crawl *Green*

November 4 – November 29, 2024

Reception: Thurs Nov 7, 6-9 pm

Hope Forstenzer

Mat Holmstrom

Alex Waber

Green is a multi-venue curated Exhibition featuring artists of the 2024 Eastside Art Crawl. Pendulum Gallery is pleased to participate as one of the four cross-city locations for this salon-style curated exhibition, giving a downtown presence for this popular East Side open-studio event.

Works in this years' ESCC curated exhibitions have been selected to reflect and interpret the many meanings of the term 'Green'. From ideas related to environmental issues and climate change, to those connected to wealth, luck, envy and greed, the exhibition gives artists the opportunity to contemplate what Green means to them, explore personal experiences, and look back on their own and others' history.

More than 500 artists will open their doors and welcome tens of thousands of visitors for the 28th annual **Eastside Culture Crawl Visual Arts, Design & Craft Festival**, held **November 14-17** across Vancouver's Eastside Arts District. With a multitude of artistic offerings on display, the festival offers a full slate of events and activities, including a multi-gallery, juried preview exhibition, artist talks, demos and workshops, and open studio visits.

Green is a multi-venue, salon-style curated exhibition featuring 90 Crawl artists taking place at Pendulum Gallery, the Cultch, Alternative Creations Gallery, and Charles Clark Gallery at Strange Fellows Brewing. 2024 ESCC Jurists are Paul de Guzman, Erin Ishli and Hugh Kearney.
