## *Passion, Reason, Idiocy*

November 3 – November 29, 2025,  
Reception: Thurs Nov 6, 6-8 pm

# 29TH ANNUAL EASTSIDE CULTURE CRAWL

*Passion, Reason, Idiocy* is a multi-venue curated Exhibition featuring artists of the 2025 Eastside Culture Crawl. Pendulum Gallery is pleased to participate as one of the three cross-city locations for this curated exhibition, giving a downtown presence for this popular East Side open-studio event.

The artists in this exhibition have been selected based on their reflection on the emotional, rational and foolish elements of their practices. Whether painting, photography, sculpture, printmaking or craft, the works in this exhibition reveal their makers' unique lived experiences and personal artistic vision.
